

Due to school closures during the 2019-2020 school year, the Georgia Department of Education granted school districts the flexibility to continue Title I related district plans/policies, school plan/policies, and Title I School-Parent Compacts. This flexibility allows school and district plans/policies to remain active for the 2020-2021 school year. Revisions and updates will be made and distributed to families as changes are made with our goal of having new and updated Family and Community Engagement compliance documents for the 2021-2022 school year.
